Project : *CollEdge*

Giving Students the Edge They Deserve!

Presents CollEdge , an innovative platform designed to solve the challenges of networking, talent discovery, and engagement within colleges.

Team Name : **ctrl+A (select all)**

The Problem:

Disconnected College Ecosystems

Lack of Centralized Platform
No single place for students, faculty, and alumni to connect.

Talent Discovery Gaps
Companies struggle to find top talent and faculty lack research assistants.

Scattered Information
Placement updates and event information are difficult to find.

Limited Skill Showcase
Students struggle to display real-time achievements and skills.

The Solution: *CollEdge*

College-Tailored Platform
Dedicated digital space for each college with their customized environment .

Live Student & Faculty Profiles
Auto-updating achievements, projects, and research.

Advanced Search & Leaderboard
Recruiters and faculty easily find top talent.

Integrated Hub
Placement, alumni, and events in one place.

Unique Features: Empowering Students

AI Career Recommendations
Personalized job and internship suggestions.

Smart Project Hub
Find collaborators for real-time projects.

Skill Endorsements
Faculty and peers validate student skills.

Leaderboard & Ranking
